

Nestlé uses ASAPIO for Integration with SAP Ariba

Nestlé uses the ASAPIO Integration Add-on to enable 12 SAP ERP® systems for multi-backend connectivity with the SAP Ariba Buying cloud system.

Over 30,000 user world-wide benefit from a central procurement solution with full end-to-end integration and harmonized master-data.

“ASAPIO has received the CIO Award 2015 in recognition for the project „EASY BUY: Connect a public Cloud to our SAP Core system and ready to deploy worldwide to 30.000 users“ and its outstanding contribution to the Nestle Group.”
